

## **CBBG Incentives for Willow Volunteers**

### **Willow helpers**

Receive WILLOW BUCKS at the rate of \$5/volunteer hour for time spent working at the CBBG/Our Table Cooperative willow plot. WILLOW BUCKS can be used as a credit toward guild willow class material fees where guild/OTC willow is used or use WILLOW BUCKS toward purchase of same willow.

### **Willow grower/ harvester apprentices**

These individuals will be trained in how to grow and harvest willow with the expectation that eventually they will lead willow work events at the CBBG/OTC willow plot.

### **Willow harvest helpers**

Harvesters keep half of the willow they harvest and the guild gets the remainder. Alternatively, if preferred, harvesters may receive same incentive as for Willow helpers, but not both.

### **Willow leads and co-leads (who have completed apprenticeship training)**

Those who lead or co-lead willow work events ~20 hours per season (December-November) receive up to two willow class fees paid in full. (Note: Can be two 2-day classes.)
